Standardized test scores

Cedarville University test codes: ACT Code: 3245 SAT Code: 1151

ACT, SAT, or CLT test scores are not required for admission, but many students still choose to submit scores. Submitted test scores will be factored into admissions decisions. Scores may also be used for determination of merit-based scholarships and for meeting proficiency for certain majors and courses.

Test scores will **never** negatively impact a student's financial aid award.

Please have official ACT/SAT/CLT/TOEFL/IELTS/Duolingo score reports sent directly from the testing agencies.

We **can** accept a copy of the official score report applicants receive from the testing agencies.

We **cannot** accept test scores that do not include the applicant's name, the test date, and all scores.

We **cannot** accept superscores from the testing agencies. We calculate superscores based on all submitted tests.

We **can** accept test scores provided on a traditional school transcript.
