- Music
- Nursing
- Pharmaceutical Sciences
- Psychology
- Social Work
- Worship

Students who choose to pursue one of Cedarville's 3-year completion pathways can minimize or even eliminate the need for undergraduate summer coursework by earning up to 30-credit hours selected from the course options below during high school. Students should work closely with their Cedarville advisor when choosing electives since some degrees require specific math, science, or elective choices.

3-YEAR COMPLETION PATHWAY COURSE OPTIONS	CREDIT	ONLINE	RESIDENTIAL	CCP ELIGIBLE*	CREDIT BY EXAM

The accelerated 3-year completion pathway assumes that students will meet undergraduate proficiency requirements for English and math and complete two or three years of the same high school foreign language. The high school foreign language requirement is based on degree type.

Admission to your degree program

Completion of the recommended courses above does not guarantee admission to your chosen program, nor does it guarantee degree completion in three years. Students must meet program admission and academic requirements for acceptance to an undergraduate degree program. (e.g.: music auditions.)
